

# STEPHEN SWARTZ

## Web Developer, Programmer

✉ [stephen@silverglassworks.com](mailto:stephen@silverglassworks.com)

☎ (352) 638-5470

📍 Deltona, FL

## OBJECTIVE

---

Detail-oriented and growth-driven Web Developer with experience in developing web portals and applications, seeking a remote Developer position. Proficient in PHP, C++, Python, and JavaScript. Open to relocation for the right opportunity. Eager to bring technical skills to a dynamic team

## PROFESSIONAL EXPERIENCE

---

### Web Developer

#### Web Instinct

September 2022 - October 2023

- Engage in the development of diverse web portals and applications.
- Utilize JavaScript alongside other programming languages to create dynamic, user-friendly experiences.
- Collaborate with cross-functional teams to ensure the delivery of high-quality web solutions.

### Freelance Developer

#### Self-Employed

June 2022 - September 2022

- Engaged in highly technical and diverse freelance work, demonstrating proficiency in several programming languages and managing multiple projects systematically.

### Head Programmer

#### Custom Furniture Furbishing

July 2018 - June 2022

- Promoted to oversee the programming and maintenance of CNC router and associated machinery.
- Developed and implemented a ticketing system application, integrating with Sharepoint via a REST API, significantly reducing production errors and costs.
- Managed cabinet design software and conducted various management activities/planning.
